

U.S. Titling Services

There are two different occasions when the Canadian Ownership needs to be presented to Maple Leaf Importing LLC.

1. Customs broker(s) cannot generate documents from anything that is handwritten. It is required that, along with other vehicle information documents, a scanned copy or a picture of the Canadian ownership be sent prior to the vehicle crossing. This helps limit the number of errors when the import documents are created.
2. Once the vehicle has crossed the border for importation, the original Canadian ownership is required in order for the U.S. Title to be created. If the ownership is not received, then a United States Title *cannot* be obtained.

Please fill out the back of the original ownership as needed (Selling dealer and correct kms) and mail it to:
